The login page address: <https://svschool.langlion.com>

You will receive your login details from the school. Go to the login page and enter your login and password. Remember that the system distinguishes between uppercase and lowercase letters. Make sure you enter the correct data.

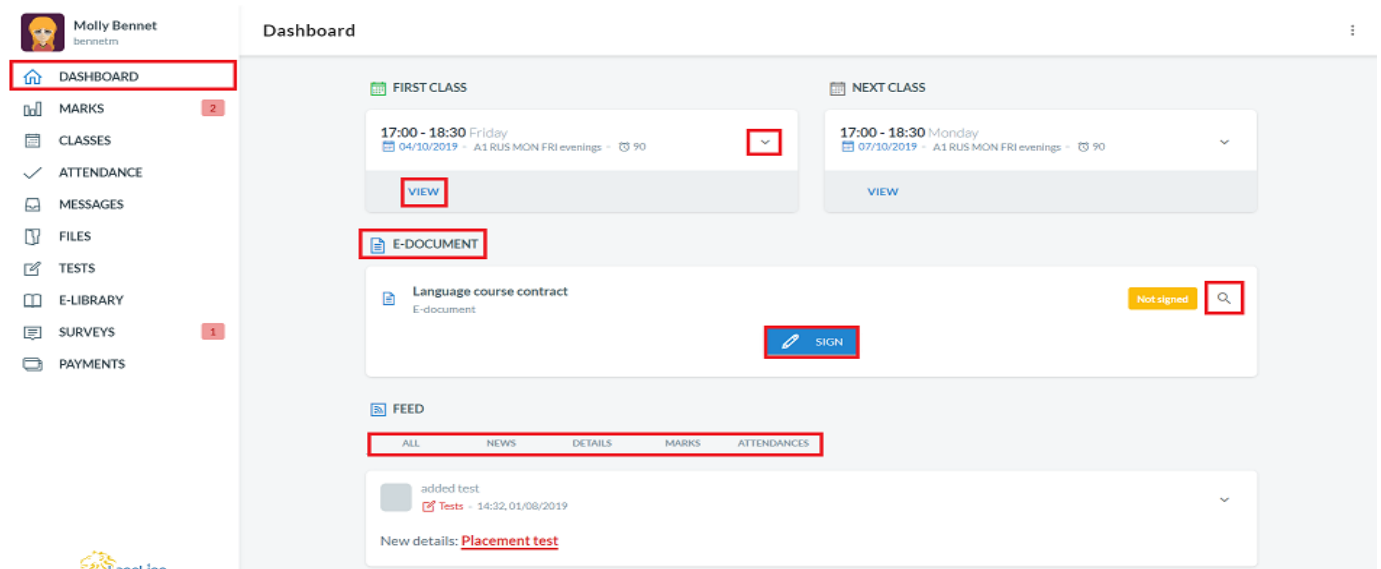

After logging in, read and accept the terms of service displayed on the first page. Only after acceptance, you will be able to go further.

After saving the information, you will be redirected to the main page of the panel. Here you will see the last and subsequent classes as well as a list of school notifications and announcements.

Please note that the school can provide e-documents that can be signed online. New, unsigned e-documents will be displayed above Feed on the Dashboard. You will be able to sign them here. The notification may refer to new grades, attendance statuses, class details, added files, tests made available to you, etc. If you click on the link from the notification, you will be taken to the appropriate tab.

The **Tests** tab contains a list of online tests provided to you by the teacher or secretariat. Solve tests and expand your knowledge. You can always go back to an already completed test and preview your answers.
